161.048 Alternative certification program -- Purpose -- Options -- Testing and eligibility requirements -- Salary schedule.

(1) The General Assembly hereby finds that:

- (a) 1. There are persons who have distinguished themselves through a variety of work and educational experiences that could enrich teaching in Kentucky schools;
2. There are distinguished scholars who wish to become teachers in Kentucky's public schools, but who did not pursue a teacher preparation program;
3. There are persons who should be recruited to teach in Kentucky's public schools as they have academic majors, strong verbal skills as shown by a verbal ability test, and deep knowledge of content, characteristics that empirical research identifies as important attributes of quality teachers;
4. There are persons who need to be recruited to teach in Kentucky schools to meet the diverse cultural and educational needs of students; and
5. There should be alternative procedures to the traditional teacher preparation programs that qualify persons as teachers.

(b) There are hereby established alternative certification program options as described in subsections (2) to (9) of this section.

(c) It is the intent of the General Assembly that the Educational Professional Standards Board inform scholars, persons with exceptional work experience, and persons with diverse backgrounds who have potential as teachers of these options and assist local boards of education in implementing these options and recruitment of individuals who can enhance the education system in Kentucky.

(d) The Education Professional Standards Board shall promulgate administrative regulations establishing standards and procedures for the alternative certification options described in this section.

(2) **Option 1: Certification of a person with exceptional work experience.** An individual who has exceptional work experience and has been offered employment in a local school district shall receive a one (1) year provisional teaching certificate with approval by the Education Professional Standards Board of a joint application by the individual and the employing school district under the following conditions:

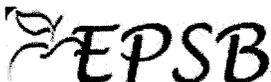

- (a) The application contains documentation of all education and work experience;
- (b) The candidate has documented ten (10) years of exceptional work experience in the area in which certification is being sought;
- (c) The candidate possesses:

1. a. ~~A minimum of a bachelor's degree, with a cumulative grade point average of two and five tenths (2.5) on a four (4) point scale or a grade point average of three (3.0) on a four (4) point scale on the last sixty (60) hours of credit completed, including undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution; or~~

b. ~~A graduate degree with a cumulative grade point average of two and five tenths (2.5) on a four (4) point scale or a grade point average of three (3.0) on a four (4) point scale on the last sixty (60) hours of credit completed, including undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution; and~~

2. ~~An academic major or a passing score on the academic content assessment designated by the Education Professional Standards Board; and~~

(d) The candidate shall participate in the teacher internship program under subsections (5), (6), (7), and (8) of KRS 161.030. After successful completion of the internship, the candidate shall receive a regular professional certificate and shall be subject to certificate renewal requirements the same as any other teacher with a regular professional certificate.

Option 1 - Exceptional Work Experience Certification

For Teaching Grades P-12

The Exceptional Work Experience option requires extensive development of materials because the documentation is extensive and the review process is rigorous. To see if you are a candidate for this route, answer the following questions:

1. Do you have at least 10 years of exceptional work experience after completing your Bachelor's degree (not including classroom teaching experience) in the area for which you are seeking certification?
2. Do you have a bachelor's degree with at least a 2.5 overall grade point average (GPA)? (The GPA is based on a 4.0 scale.)
3. Do you have a major in the content area for the certification you are seeking? If not, have you passed the Praxis II in that content area?
4. Can you provide documentation of Exceptional Work Experience as defined by the Education Professional Standards Board*?
5. Can you provide 3 – 5 recommendations from employers directly associated with your 10 years of exceptional work experience all of which specifically support the exceptional aspects of your work experience?
6. Do you have an offer of employment in a local school district?

If you answered 'yes' to all of these questions, continue to create your portfolio. If you answered 'no' to any question, your alternative route choice will not be this option. Look at the criteria for Options 2-6 to see which best fits your situation. If you have an offer of employment from Jefferson County Schools, consider using Option 2.

*16 KAR 9:010 defines someone having "Exceptional work experience" to mean "A person with recognized superiority as compared with others in rank, status, and attainment or superior knowledge and skill in comparison with the generally accepted standards in the area in which certification is sought."

A Representative Litjens,

A number of questions occurred to me while preparing this preliminary draft:

1. For the foreign language teaching permit, do you want to impose any additional requirements?

(Note that I added that the person must be fluent in English as well as ⁱⁿ the foreign language. OK?)

What criteria should DPI use to determine the grades in which the person is authorized to teach?

2. For the "additional subject" teaching permit, note that the draft allows DPI to determine the passing

grade for the proficiency exam - OK? Also,

must a person issued a teaching permit maintain his or her ^{original} original

A licensee in order for his or her permit to

remain valid? ✓

Q 3. For the ^{teaching} permit based on experience, do you want to impose any additional requirements? What criteria should ^{DPI} DP) use to determine the grades in which the

person is authorized to teach?

Q 4. Regarding all 3 alternative teaching permits, do you want to require that the ^{permittee} ~~first 2 years~~ permittee be supervised by a person who holds a regular teaching license during the initial permit period of 2 years?

Q 5. Finally, note that ^{with certain exceptions,} the ^{parental} choice programs schools are required to

have at least a bachelor's degree. Do
you want to change this requirement
so that a person who holds a license
or permit to teach issued by DPI
would also qualify?

Analysis by the Legislative Reference Bureau

Under current law, the Department of Public Instruction (DPI) provides an alternative teaching training program consisting of approximately 100 hours of formal instruction. A person who holds a bachelor's degree in engineering, music, art, foreign language, computer science, mathematics, or science; has at least five years of professional experience in the subject area; demonstrates competency in his or her subject area; and satisfactorily completes the 100-hour program, is entitled to a professional teaching permit, which authorizes the person to teach the subject area specified by DPI in grades kindergarten to 12. The initial permit is valid for two years, but is renewable for five-year periods.

This bill establishes three additional ways of obtaining a professional teaching permit. The bill directs DPI to establish a 40-hour teacher training program that

BILL

is designed to provide a person with effective instructional techniques and practices and that is to be taught by school district staff. DPI must also develop an examination designed to determine whether a person has mastered the material taught in the training program.

Under the bill, if DPI determines that a person is fluent in a foreign language as well as in English, and the person passes the examination described above, DPI must grant the person a professional teaching permit authorizing him or her to teach the foreign language in grades specified by DPI. *NO FT*

R If DPI determines that a person has at least an associate of arts degree and at least ten years of exceptional work experience in a particular field, and the person passes the examination described above, DPI must grant the person a professional teaching permit authorizing him or her to teach the subject in which he or she is experienced in grades specified by DPI. *NO FT*

R Finally, if a person holds a teaching license issued by DPI and passes a proficiency exam, administered by DPI, in a subject in which he or she is not licensed, DPI must grant the person a professional teaching permit authorizing him or her to teach the subject of the examination in the grades that his or her teaching license authorizes him or her to teach.

Under current law, with certain exceptions, all of the teachers in a private school that is participating in a parental choice program (PCP) must have a bachelor's degree.

This bill allows a person to teach in a PCP school if he or she has a bachelor's degree or holds a license or permit to teach issued by DPI.
